Geography

Footwear In-Store/ In Person shopping						
Region	CDN POP %	Footwear Users %	Aldo Users %	CDI	BDI	BOI
Atlantic	6.5	6.0	2.9	93	45	206
Quebec	23.0	22.4	22.8	98	99	98
Ontario	38.6	38.6	37.2	100	96	104
Prairies	18.2	18.5	12.9	101	71	143
BC	13.7	14.5	24.1	106	176	60

Source: Vividata Winter 2021 SCC

The top two geographic that will be used are Ontario and Prairies. Prairies has the greatest opportunity because it has one of the highest brand opportunity indexes. Ontario has the 3rd highest brand opportunity. The reason Aldo choice these two geographic is because they have a high CDI and a low BDI which it means that it would be easier to convince our customers to buy from us. The reason Aldo didn't choice Atlantic, even though it has the highest BOI, it because it has the lowest users %, Aldo users %, CDI, and BDI. For this reason, Aldo feels strongly starting with Ontario, and Prairies for now.

The main target customers are customers who shop at store. Even though Aldo e-commerce shoppers are growing more and more every year. But they still only represent 25% total of Aldo revenue, 15% coming from e-commerce directly, and a 10% of 25% of those customers are ordering online but from walking into our store. So still 75% of Aldo revenue are coming from customers shopping in our stories or trying on the products and buy it while they still in store but online.

Seasonality

Aldo Footwear Sales Pattern													
Month	Jan	Feb	Mar	April	May	June	July	Aug	Sep	Oct	Nov	Dec	Total
Sales	\$ 185,000	\$ 150,000	\$ 130,000	\$ 170,000	\$ 70,000	\$ 95,000	\$ 100,000	\$ 120,000	\$ 135,000	\$ 150,000	\$ 165,000	\$ 190,000	\$ 1,660,000
Sales %	11%	9%	8%	10%	4%	6%	6%	7%	8%	9%	10%	11%	

1. As shown, sales percent differs depending on the season. Many of Aldo footwear includes boots and are winter and slightly spring season related. As a result, the number of sales are

higher around the winter months of cold weather such as November-December and January-April. Based on sales percent, May accounts for the lowest sales at 4% while January and December account for the highest at 11% sales. Customers are 2% less likely to purchase Aldo footwear in Feb and Oct than in Dec and Jan. People are 7% more likely to purchase Aldo footwear in Dec and Jan than in May.

2. The top three months of sales are Nov at 10% sales, Dec at 11% sales, and Jan at 11% sales. These are priorities because that's the time of the year where the winter season starts kicking in heavily and people have a desire for getting pairs of boots, etc. Note that Aldo already has a wide variety of options to choose from that could be worn for the season, and that makes people more likely to get their attention caught. Nov-Jan are priorities because Aldo is aware of the winter season helping their sales increase, considering the items are high quality as well.

Competition

Product Similarity

- A. Aldo footwear top 2 similar competitors are Browns & The shoe company.
- B. Browns is one of Aldo competitors and this competitor is offering more name brand footwear at their retail store for both genders (male & female) and even children. The second competitor coming up behind Aldo is the shoe company, the shoe company offers name brand and designer shoes for all genders and age groups for a lower cost.

Brand	Current users
Aldo	A18-49, HHI \$75M+
Browns	A25-49, HHI \$75M+
The shoe Company	A35-64, HHI \$75M+

With the chart above comparing Aldo to its 2 competitors it shows that Aldo has a great range with its target group from 18-49. Similarities are that the HHI are all similar in range with the same income range of 75M+.

Competitive Geographic Analysis					
Region	CDN POP %	CDI	Aldo BDI	Browns BDI	The shoe company BDI
Atlantic	6.5	93	45	14	194
Quebec	23.0	98	99	207	2
Ontario	38.6	100	96	41	89
Prairies	18.2	101	71	3	40
B.C	13.7	106	176	111	144

As seen in the chart above Aldo BDI is an all-time high in the province of British Colombia (B.C), second highest is the shoe company in the Atlantic region and finally browns BDI in Quebec with 207.

Share of Voice

Footwear stores – Share of Voice (%)							
Brand	Total	News	Magazine	OOH	Radio	TV	Online
Aldo	17.6	17.5	0	22.2	8.5	32.2	13.9
Browns	15.7	28.4	0	26.2	12.4	1.9	18.5
